

## Training on E-Vendor Module

A training and orientation session on the E-Vendor Module under the E-Stamping System was conducted today Dated: 19-01-2026 at the Deputy Commissioner Office, commencing at 09:00 AM, in three separate sessions. E Stamp Team delivered the training.

During the session, it was highlighted that E-Stamping was earlier being provided exclusively through the Bank of Khyber for all categories of stamp papers through Denomination Less Stamp Papers. Under the newly introduced E-Vendor Module, low-value stamp papers up to Rs. 400 will now be issued on white paper through authorized E-Vendors, while remaining fully backed by the central E-Stamping system. This shift is aimed at enhancing public accessibility and significantly reducing the operational workload on the Bank of Khyber, allowing banking channels to focus on higher-value and core transactions.

The training covered operational workflows and system usage of the E-Vendor Module, which enables secure, system-generated issuance of E-Stamps with real-time verification and centralized record keeping. The initiative is being implemented by the Board of Revenue, Khyber Pakhtunkhwa to strengthen transparency, efficiency, and citizen facilitation in stamp duty administration.

Atta ur Rehman  
Project Director (E-Stamping)
